

Bass Valley Estate Wines

Table wines
of distinction

Come and enjoy our experience ... You'll love it!

Feel the richness of the Gippsland region
with a delightful French Provencale taste

Bass Valley Estate Wines

A unique experience, bringing together the richness of the Gippsland region with a delightful relaxed French Provencale feel.

The climate and soils of the Gippsland region have long been recognised for producing the finest dairy products and now a steadily increasing amount of this exceptional land is being given over to the production of premium wines.

Bass Valley Estate vineyard is situated on the sunny western slopes of the Bass River Valley, 98 km southeast of Melbourne, just a few minutes drive off the Bass Highway - the Melbourne to Phillip Island highway - and an even shorter drive from the South Gippsland Highway.

Bass Valley Estate is owned by the Cutler family, who established this boutique winery in 1991, with plantings of Riesling, Cabernet Sauvignon, Shiraz and Pinot Noir. All wine is produced from estate grown fruit, vintage and varietal in character. Our wines are gaining national and international recognition as excellent quality, cool climate table wines of distinction.

Our visitors come by car and helicopter to enjoy a unique relaxed rural vineyard with a typical French Provencale feel, talking with the winemaker, tasting our wines and loving our famous country food platters.

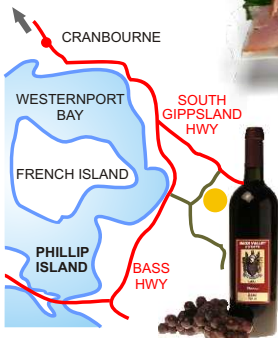

Come and join us soon!

Enjoy your visit with one of our amazing country style platters
